

Huron Transit Corporation TITLE VI PLAN

I. Plan Statement

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

Huron Transit Corporation, hereinafter referred to as AGENCY, is committed to ensuring that no person is excluded from participation in or denied the benefits of its transit services on the basis of race, color, or national origin, as protected by Title VI in Federal Transit Administration (FTA) Circular 4702.1B.

This plan was developed to guide AGENCY in its administration and management of Title VI-related activities.

Written contracts shall contain non-discrimination language, either directly or through the bid specification package which becomes an associated component of the contract.

For complaints originally submitted by facsimile, an original, signed copy of the complaint must be mailed to the Title VI Coordinator as soon as possible, but no later than 180 days from the alleged date of discrimination.

All complaints alleging discrimination based on race, color, or national origin in a

service or benefit provided by AGENCY will be directly addressed by AGENCY. AGENCY shall also provide appropriate assistance to complainants, including those persons with disabilities, or who are limited in their ability to communicate in English. Additionally, AGENCY shall make every effort to address all complaints in an expeditious and thorough manner.

A letter of acknowledging receipt of complaint will be mailed within seven days (see Appendix D). Please note that in responding to any requests for additional information, a complainant's failure to provide the requested information may result in the administrative closure of the complaint.

AGENCY will send a final written response letter (see Appendix E or F) to the complainant. In the letter notifying complainant that the complaint is not substantiated (Appendix F), the complainant is also advised of his or her right to 1) appeal within seven calendar days of receipt of the final written decision from AGENCY, and/or 2) file a complaint externally with the U.S. Department of Transportation and/or the FTA. Every effort will be made to respond to Title VI complaints within 60 working days of receipt of such complaints, if not sooner.

Once sufficient information for investigating the complaint is received by AGENCY, a written response will be drafted subject to review by the transit's attorney. If appropriate, AGENCY'S attorney may administratively close the complaint. In this case, AGENCY will notify the complainant of the action as soon as possible.

VII. Four Factor Analysis

AGENCY is required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. While designed to be a flexible and fact-dependent standard, the starting point is an individualized assessment that balances the following four factors:

- The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or grantee.
- the frequency with which LEP individuals meet the program.
- the nature and importance of the program, activity, or service provided by the program to people's lives; and
- the resources available to the grantee/recipient or agency, and costs.

Factor 1: Number/Proportion of LEP Persons in Service Area

- Include data from sources such as the US Census Bureau's Demographic and Housing Characteristics or American Community Survey
- Include a listing of the counts and percentages of LEP individuals present in your service area by language.
- Identify if any of the LEP languages reach the LEP threshold of 5%, or the Safe Harbor Threshold (1,000 persons).

AGENCY examined the US Census report from 2020 and the Bureau's Demographic and Housing Characteristics and was able to determine that approximately 3.5%, or 1,054 people within the AGENCY service area age 5 and older spoke a language other than English. Of the 1,054 reporting they speak other languages than English, 331 or 31.4% of respondents speak English less than "very well." The Spanish language comprised the largest non-English speaking language group with 1.34 %. The other largest non-English speaking language group was the Indo-European language at 1.15%.

Factor 2: Frequency of Contact with LEP Persons

- How frequently does your organization encounter LEP persons?
- Are you in contact with LEP persons within a specific language group, and that language is not identified in Factor One?
- Include information gathered from face-to-face meetings with LEP persons or from surveys of LEP persons.
- Include information gathered from interviews with agency staff who typically encounter LEP persons.
- Include information kept by your organization on past interactions with members of the public who are LEP.

Via verbally surveying drivers and dispatchers, AGENCY has had zero requests for interpreters and/or translated AGENCY documents. The staff and drivers have had little to no contact with LEP individuals.

Factor 3: Nature and importance of the program, activity, or service provided by the program in people’s lives

Access to the services provided by AGENCY is critical to the lives of many residents in the service area. Many people depend on AGENCY services for access to jobs and for access to essential community services like schools, shopping, and medical appointments. Because of the essential nature of the services and the importance of these programs in the lives of many of the region’s residents, there is a need to ensure that language is not a barrier to access.

Factor 4: The resources available to AGENCY and overall costs.

AGENCY assessed the available resources that could be used for providing LEP assistance. This included identifying how much a professional interpreter and translation service would cost, and which documents would be the most valuable to be translated when the populations would support it.

After analyzing the four factors, AGENCY does not feel that a formal LEP plan is needed at this time.

Limited English Proficiency (LEP) Plan

AGENCY will use the following guidelines and resources to assist persons with limited English proficiency.

AGENCY will have the Census Bureau’s “I Speak Cards” available at the AGENCY operations facility. Although staff may not be able to provide immediate translation assistance, we will utilize the cards to identify language needs.

If an interpreter is needed immediately, in person or on the telephone, staff will use the “I Speak Cards” to help determine what language assistance is needed. Staff shall then contact www.languageline.com for assistance. On the Language Line webpage, staff will select the **Need an Interpreter Now** link in the popup window and follow the directions to receive an access code.

AGENCY will add to our webpage the Title VI policy and complaint Procedures.

AGENCY will educate our staff on the following procedures:

1. Understanding the Title VI policy and LEP responsibilities.
2. How to access language assistant services via www.languageline.com
3. Document language assistance requests

4. The procedure if a Title VI and/or LEP complaint is filed.

VIII. Public Participation Plan

The AGENCY community and minority outreach plan is based on the following principles:

- Flexibility - The engagement process will accommodate participation in a variety of ways and be adjusted as needed.
- Inclusiveness – AGENCY will proactively reach out to and engage low income, minority and LEP populations from the AGENCY service area.
- Respect - All feedback will be given careful and respectful consideration.
- Initiative-taking and Timeliness - Participation methods will allow for early involvement and be ongoing.
- Clear, Focused and Understandable - Participation methods will have a clear purpose and use for the input and will be described in language that is easy to understand.
- Honest and Transparent - Information provided will be accurate, trustworthy, and complete.
- Responsiveness – AGENCY will respond and incorporate appropriate public comments into transportation decisions.
- Accessibility – Meetings will be held in locations which are fully accessible and welcoming to all area residents, including, but not limited to, low-income and minority members of the public and in locations relevant to the topics being presented and discussed.

As an agency receiving federal financial assistance, AGENCY has made the following community and minority outreach efforts since the last submission of a Title VI program:

AGENCY has engaged the public in its planning and decision-making processes, as well as its marketing and outreach activities.

AGENCY submits to the Michigan Department of Transportation annually an application for funding. The application requests funding for both capital and operating assistance. Part of the annual application is a public notice, which includes a 30-day public comment period.

AGENCY actively participates in the county human services – coordinated transportation services plan known as the Huron County Coordinated Plan.

AGENCY currently publishes hours of service and any changes in route schedules. AGENCY holds monthly meetings that the public is invited to attend.

AGENCY has a complaint procedure that is available to the public at any time and is also available to the public via our website at www.tatbus.com.

IX. Membership of Non-Elected Committees

AGENCY will publicly advertise and post on our website to encourage minority participation on non-elected committees such as the LAC (Local Advisory Committee).

Body	Caucasian	Latino	African American	Asian American	Native American
Population	94.8%	4.86%	.37%	.569%	.154%
Local Advisory Committee	100%	.0	0.	0.	0.0

X. Equity Analysis

If AGENCY constructs a facility, such as a vehicle storage facility, maintenance facility, operations center, or other building, it will do a Title VI equity analysis following the procedures listed below:

The AGENCY shall complete a Title VI equity analysis during the planning stage regarding where a project is located or sited to ensure the location is selected without regard to race, color, or national origin.

When evaluating locations of facilities, agencies should give attention to other facilities with similar impacts in the area to determine if any cumulative adverse impacts might result.

If AGENCY determines that the location of the project will result in a disparate impact based on race, color, or national origin, AGENCY may only locate the project in that location if there is a substantial legitimate justification for locating the project there, and where there are no alternative locations that would have a less disparate impact based on race, color, or national origin.
